

2020 Trout Stocking Information

The Georgia Wildlife Resources Division stocks trout in the streams, rivers and small lakes listed below. Trout stocking begins in March and continues through October. The stocking frequency of each waterbody listed below is based on the following: area available, fishing pressure, and summer water temperatures.

Notes: The tables below are grouped by stocking frequency and include water body name and the county in which it is located. Asterisks (*) indicate a variation from the main heading of each group.

Table 1. Stocked weekly from April-July, then twice before Labor Day, and once in the Fall (September/October).

Water body	County	Water body	County
Boggs Creek	Lumpkin	Nottely River**	Union
Blue Ridge Tailwaters	Fannin	Panther Creek*	Stephens
Chattahoochee River	White	Rock Creek	Fannin
Cooper Creek	Union	Sarah's Creek	Rabun
